

JOHN DOUGLAS WALKER III

EXPERIENCE

PILOT AND FIRST OFFICER, AIR TRANSPORT INTERNATIONAL, WILMINGTON, OH

April 2020 – Present

- Certified and Licensed Air Transportation Pilot conducting Part 121 operations for large ACMI (Aircraft, Crew, Maintenance, and Insurance) carrier. Assists Pilot-in-Command in the safe operation of heavy Boeing 767 platform in all phases of flight and ground operations.

CHIEF FINANCIAL OFFICER, RICH EXTERIOR SOLUTIONS, FALMOUTH, ME

November 2015 – March 2020

- Responsible for the controllership and treasury duties as well as the development of the economic strategy for the company. Rich Exterior Solutions specializes in the furnishing and replacement of historic commercial windows, doors and storefront.

LOGISTICS DEPARTMENT HEAD, CENTER FOR SECURITY FORCES DET KITTELY, KITTELY, ME

April 2013 – October 2015

- Responsible for the logistical requirements to support the command's primary mission of training survival and resistance techniques to US Navy and Marine Corps officers and enlisted personnel. The logistics department is the largest department in the command and included a mix of active duty members, contractors and government civilians that ensured food, facilities, transportation, and supply was adequately maintained.

ACTION OFFICER, COMMANDER PATROL AND RECONNAISSANCE GROUP, NORFOLK, VA

June 2012 – April 2013

- Provided the Commander with an extensive and complex review of all Maritime, Patrol and Reconnaissance Force instructions in order to validate information to ensure the alignment and compliance within their command and control construct.
- Created, organized, implemented and executed the command's Battle Watch Officer position on the Atlantic Theater's Anti-submarine watch floor.
- Acted as the command's subject matter expert during a large scale multi-service wartime modeling and simulation exercise.

JOINT OPERATIONS ANALYST, UNITED STATES CENTRAL COMMAND, TAMPA, FL

October 2011 – June 2012

- Coordinated Central Command's involvement in the Munitions Requirement Process and Strategic Portfolio Review of Munitions. These bi-annual projects are led by the Office of the Secretary of Defense and ensure our munition requirements are met through identified stress scenarios in future years.
- Developed tactical situations and provided operationally informed inputs on naval concepts of operations and mission representations in a directed modeling and simulation effort.
- Produced thorough and timely campaign assessments used by the Commander of Central Command to guide decisions on a top priority DoD planning effort.

WEAPONS AND TACTICS INSTRUCTOR AND FUTURE PLANS OFFICER, COMMANDER TASK FORCE 57, NAVY CENTRAL COMMAND, BAHRAIN

March 2010 – April 2011

- Lead planner for Task Force 57 contributions with respect to Major Combat Operations within the 5th Fleet Area of Responsibility. Also directed the efforts of three major Maritime Patrol and Reconnaissance Force exercises to validate concepts of operations.
- Ensured P-3C weapon systems and tactics were accurately defined and communicated to non-organic assets within the battle space. Responsible for briefing all incoming Strike Group Commanders on Maritime Patrol and Reconnaissance Force's "Family of Systems" capabilities and limitations.

INSTRUCTOR PILOT/PILOT TRAINING OFFICER, PATROL SQUADRON TEN, BRUNSWICK, ME

August 2006 – February 2010

- Qualified as P-3C Instructor Pilot / Mission Commander / Patrol Plan Commander while at Patrol Squadron 10 (VP-10). Amassed over 1300 hours of flight time and lead an 11-person Combat Air Crew through a 7 month southwest Asia deployment. Crew executed a 100% mission completion rate and 57 missions in support of Operation Iraqi Freedom.
- Ranked as the #1 of 26 Junior Officers within the command by the Commanding Officer.
- Collateral duties while at VP-10 included:
 - Pilot Training Officer
 - Aircraft Division Officer
 - Maintenance Branch Officer
 - First Lieutenant (Facilities Manager)
 - Data Link Officer
- Deployed

- Western Pacific Deployment (May 2007 - Dec 2007)
- Mediterranean Surge (Mar 2008 - May 2008)
- Southwest Asia Deployment (May 2009 - Dec 2009)

EDUCATION

UNITED STATES NAVAL ACADEMY, ANNAPOLIS, MD

Bachelors of Science, Quantitative Economics, 2004
